The District shall not provide copies of such private records to any persons except those identified and the parent or legal guardian of the student without a court order.

If the student is education pursuant to an Individual Education Program, then the record shall be considered by the Individual Education Program Team to determine an appropriate placement in the least restrictive environment consistent with safety and well-being of all students in the District.

A copy of this policy shall be made available to parents and students upon request.

The term also includes attorneys, consultants, and independent contractors who are retained by the District, by cooperatives of which the District is a member, or by facilities with which the District contracts for placement of handicapped students.

School officials have a "legitimate educational interest" in a student's records when they are working with the student, considering disciplinary or academic actions, or developing a handicapped student's individual education plan; compiling statistical data; or investigating or evaluating programs.

Access by Parents—

Parents may be denied copies of records after the student reaches age eighteen (18) and no longer qualifies as a dependent for tax purposes, when the student is attending an institution of post-secondary education, or if the parents fail to follow proper procedures and pay the copying charge. If the student qualifies for free or reduced-price lunches and the parents are unable to view the records during regular school hours, upon written request of the parent, one copy of the record shall be provided at no charge.

The school shall immediately report any request concerning flagged records or knowledge as to the whereabouts of any missing child to the division. The school may not forward the record to the new school.

Procedure to Amend—

Within fifteen (15) school days of the record custodian's receipt of a request to amend records, the District shall notify the parents in writing of its decision on the request and, if the request is denied, of their right to a hearing. If a hearing is requested, it shall be held within ten school days after the request is received. Parents shall be notified in advance of the date, time, and place of the hearing.

An administrator who is not responsible for the contested records and who does not have a direct interest in the outcome of the hearing shall conduct the hearing. The parents shall be given a full and fair opportunity to present evidence, and at their own expense, may be assisted or represented at the hearing. The parents shall be notified of the decision in writing within ten school days of the hearing. The decision shall be based solely on the evidence presented at the hearing and shall include a summary of the evidence and reasons for the decision. If the decision is to deny the request, the parents shall be informed that they have 30 school days within which to exercise their right to place in the record a statement commenting on the contested information and/or stating any reason for disagreeing with the District's decision.

Notice of Parent and Student Rights—

Family Education Rights and Privacy Act, 20 U.S.C. § 1232g

The _____ School District maintains general education records required by law. A student's school records are private and are protected from unauthorized inspection or use. A cumulative record is maintained for each student from the time the student enters the District until the student withdraws or graduates. This record moves with the student from school to school.

By law, both parents, whether married, separated, or divorced, have access to the records of a student who is a minor or a dependent for tax purposes, as do students who are eighteen (18) years of age or older. A parent whose rights have been legally terminated will be denied access to the records if the school is given a copy of the court order terminating these rights.

The Principal is custodian of all records for currently enrolled students at the assigned school. The Superintendent is the custodian of all records for students who have withdrawn or graduated. Records may be reviewed during regular school hours. The record custodian or designee will respond to reasonable requests for explanation and interpretation of the records. The address of the Superintendent's office

is: _____

The addresses of the Principals' offices are: _____

Parents of a minor or a student who is a dependent for tax purposes, the student (if 18 or older), and school officials with legitimate educational interests are the only persons who have general access to a student's records. "School officials with legitimate educational interests" include any employees, agents, or Board Members of the District, or of cooperatives of which the District is a member, or of facilities with which the District contracts for placement of handicapped students, as well as their attorneys and consultants, who are (1) working with the student; (2) considering disciplinary or academic actions, the student's case, or a handicapped student's individual education plan; (3) compiling statistical data; or (4) investigating or evaluating programs.

Certain other officials from various governmental agencies may have limited access to the records. The District forwards a student's records on request to a school in which a student seeks or intends to enroll without the necessity of the parent's permission. Parental consent is required to release the records to anyone else. When the student reaches eighteen (18) years of age, he or she has the right to consent to release of records transfers to the student.

The parent's or student's right of access to, and copies of, student records does not extend to all records. Materials such as, but not limited to, teachers' personal notes on a student that are shared only with a substitute teacher and records on former students do not have to be made available to the parents or students.

Students over eighteen (18) and parents of minor students may inspect the student's records and request a correction if the records are inaccurate, misleading, or otherwise in violation of the student's privacy or other rights. If the District refuses the request to amend the records, the requestor has the right to a hearing. If the records are not amended as a result of the hearing, the requestor has 30 school days to exercise the right to place a statement commenting on the information in the student's record. Although improperly recorded grades may be challenged, parents and students are not allowed to contest a student's grade in a course through this process. Parents or students have the right to file a complaint with the U.S. Department of Education if they feel that the District is not in compliance with the law regarding student records.

Copies of student records are available at a cost of \$_____ per page, payable in advance. Parents may be denied copies of student's records (1) after the student reaches age eighteen (18) and is no longer a dependent for tax purposes; (2) when the student is attending an institution of post-secondary education; or (3) if the parent fails to follow proper procedures and pay the copying charge. If the student qualifies for free or reduced-price lunches and the parents are unable to view the records during regular school hours, upon written request of the parent, one copy of the record will be provided at no charge.

Certain information about District students is considered directory information. This information will be released to anyone who follows procedures for requesting it, unless the parent objects to the release of any or all directory information about his child. In connection with receiving federal funding, the District is also required by law to provide requesting military recruiters with secondary student names, addresses and telephone numbers unless the parent objects to the release of that information. (The same objection may be used for both general directory information release and release to military recruiters.) This objection must be made in writing to the Principal within ten school days after the issuance of this notice. Directory information includes: a student's name, address, telephone number, date and place of birth, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, awards received in school, and most recent previous school attended.

The District's complete policy regarding student records is available from the Principal's or Superintendent's office.
