Principal's Message

Today's message is meant to be informative. Today at 11:30am we had an active fire alarm at Vista. A small item in the microwave that is located in the cafeteria was cooked for too long. The smoke from the item triggered the fire alarm and we evacuated the building as we practice each month. All students and teachers were accounted for, we cancelled the alarm and returned students to their regular activities. I just wanted to make you aware as your children may return home quite excited about the "fire" at school today. At no time was any person in danger or at risk and there was truly no fire to speak of. Thanks and have a great weekend
