

# WELCOME TO VISTA!

## ***AN EDUCATIONAL ENVIRONMENT WHERE IMMERSION IN THE ARTS AND TECHNOLOGY INSPIRES STUDENT GROWTH***

Welcome to Vista! We are so excited to have you as part of our Vista family. We strive to provide each student with the best educational experience possible. Most information at Vista can be found on our website: [www.vistautah.com](http://www.vistautah.com). Below is some information that we hope will help you as you begin at Vista School.

### **Student Schedules:**

Student schedules will be emailed to you once they are ready. If you have any questions regarding schedules you can contact Mrs. Richins at [nrichins@vistautah.com](mailto:nrichins@vistautah.com).

### **SIS:**

You can create an account, set your password, update personal information and access schedules/grades by clicking the Aspire link on our website. If you are creating an account, click on “request a user name” below the sign-in box. Enter the student ID and student birthday. The ID number can be found to the right of student’s name on the schedule. This will allow you to create an account and verify contact information. For families with more than one student: you need only one student ID to log into SIS because siblings are linked together in the system.

### **Contact Information:**

Please make sure to keep your contact information up-to-date in Aspire. It is imperative that we have correct information for the well-being of your child(ren). Vista corresponds as much as possible via email. If you do not have access to email, please let us know so we can make arrangements for alternative methods to deliver information. You should expect to receive an email and call blast each week with important information.

### **Canvas:**

Canvas is our school-wide learning management system where students and parents can check grades, find assignments and materials, and contact teachers. To set up a parent account to have access to your student’s grades and assignments, visit <https://www.vistautah.com/canvas-parent>.
