

QUARTERLY · SUMMER 2022

VISTA SCHOOL FOUNDATION

Enhancing, Enriching, & Extending the Quality of Education Provided to Vista School

Awards Enrich Student Learning

The Vista School Foundation heightens the quality of education to our school community. The Foundation provides scholarships in the performing arts and technology to augment student instruction and mastery of skills. Students go through the process of filing an application and a short interview, followed by an audition. This process allows students to gain valuable experience, build confidence, and acquire knowledge for future world encounters. Recently, the Foundation distributed scholarships to several orchestra and vocal students.

Peter and Phyllis DeLuca Scholarship Recipients
Braxly Cox, Eva Shumway, Savanna Brimley, Annika Clarkson, Cassidy Fleming, Savannah Miller, and Ali Anderson

Vocal Scholarships Recipients
Connor Warby, Ciena Adams, Eliah Webb, and Caroline Williams

Teachers and faculty are also awarded scholarship funds to increase professional development, and create outstanding classrooms where excellence and achievement are fostered. This year's winners are Melodie Jones (5th grade teacher), Jordan Bartholomew (technology teacher, and Jill Fraser (front desk).

Vista School, Unique and Special

by Kimberley Dawson

When my husband and I decided to relocate to Santa Clara from Farmington, Utah, we had no idea what to expect. Move during a worldwide pandemic and the difficulty leveled up. Socializing with neighbors, learning about the community, and making friends was a challenge, especially for our children. Fortunately, we heard about Vista School and, as the saying goes, the rest is history!

Our first experience at Vista was touring the school and grounds. My daughters and I were excited about the various electives. The depth of learning available to students at much younger grades is simply astounding! Students have the opportunity to work under teachers with professional backgrounds and resumes. The added educational value, coupled with practical experience in the arts, technology, and academics can and will build strong, well-rounded individuals. This vision extends to the community as Vista students move on to high school, graduate, and become productive members of society.

This Fall will be the start of our third year at Vista. I have been impressed by the accelerated rate my children are meeting educational milestones, using unique tips and tricks being taught at school. Vista is an environment where teachers think outside the box and employ special tactics to help all learners succeed. I am watching confidence grow, while critical thinking and problem-solving skills increase. Attending Vista School continues to exceed expectations!

9th Grade Recognition Night
