Discussion of allocation of new budgets

**Action Item:** 40 minutes

- Begin discussion, preparation, and approval of a proposed plan
- Review feedback from all departments

**Math (ALL):** Hillary

4<sup>th</sup>-5<sup>th</sup>: They have in person aide in classes. (SPED money). Working great

4<sup>th</sup>-5<sup>th</sup>: Afterschool tutoring: working well. Similar allocation of dollars.

6<sup>th</sup>: Scores predict who will be in tutoring. Collaborate between tutors and teachers.

7<sup>th</sup> +: Would be nice to have afterschool tutoring or extra help. Upper grade teachers aren't loving curriculum. Feel that Fidelity isn't working. Asking for more assistance in the classroom. In year 2 of Fidelity.

**Come back discussion topics:**

Discussion of more support in the math classroom.

Which subjects need/use BrainPop?

**ELA (ALL): Alexis:**

More prep time for teachers

Smaller classes

Chrome book chargers

Tutoring

More motivation for students

**Science (ALL): Rik**

Top priorities:

Love Brain Pop and would love to see that again (\$6200 for whole school)

EdPuzzle (\$1950)

ZFairs (\$500)

MysteryScience (\$2000)

Tier-two priorities:

Paid time (extra days) to plan science fairs (\$85-\$110 per person, per day x 4)

Build canvas curriculum

Tutoring (\$3400)

Lower priority:

Lab equipment

**Arts (ALL): Arlee**

Stage manager position

Piano

**Tech (ALL): Heather**

Working really well: applied academics, subjects being used hands-on

Keyboards and a few other things

Large Plotter
